

Health and Safety Policy

Health and Safety Policy.

It is the company's policy to provide conditions of work, which meet or exceed health and safety legislation with the objective of ensuring the health, safety and welfare of all staff and visiting personnel whilst on the company's premises.

The Management are committed to take all steps that are required to meet the objectives and policies of the company and strive towards continuous improvement in work environment and employee welfare.

To this end, the company will develop and maintain a Health and Safety Management system that shall comply with the requirements of the Health and Safety at Work Act 1974 and provide objective evidence of compliance.

The company will appoint a Health and Safety Representative to manage and administer the system.

Department health and safety representatives will be appointed to assist in the planning , monitoring and review of the health and safety arrangements.

The Company recognises that all employees also have a responsibility for Health and Safety and as such is committed to ensuring proper and adequate training & communication is provided such that all staff understand their responsibilities and obligations.

This policy and the management system will be the subject of regular review to ensure adequacy and compliance with current legislation and to ensure timely and effective corrective action where required.

Signed.
